TO WHOMSOEVER IT MAY CONCERN

This is to certify that **Promac Engineering Industries Ltd, Bengaluru, India** have executed a Clinker Grinding Unit Project of 110 TPH capacity on Turnkey basis, as per our Contract dt.2.09.2014 for our Plant at Trincomalee in Sri Lanka.

The scope of work by **Promac** included Design, Engineering, Manufacture, Procurement and Supply of the following equipment.

- Ball Mill of 3.8 m dia x 10 m long along with complete drive and O-Sepa Separator N - 2500
- Roller Press for Pre Grinding along with a Static separator.
- Packing machine of 180 TPH capacity.
- Bucket Elevators.
- Belt Conveyors.
- Pulse jet bag filters and other auxiliary equipment.

Civil & Structural Engineering, Supervision of Civil and Structural Works and Supervision of Erection & Commissioning was also part of **Promac's** scope of work.

The project has been successfully commissioned and is running at full capacity since 2017 to our satisfaction.
